

# Kat Wicks

Animation Designer  
Animator

## PROFILE

I am an NTU Animation graduate looking for an entry level position, who specializes in 2D animation. As an open-minded and hard-working individual, I am always keen to learn from fresh experiences and develop new skills. Along with my passion for animation I am also interested in world issues such as our changing climate and environmental issues, topics which often inspire my work.

## SKILLS

Adobe Creative skills  
Storytelling  
Hand drawing skills  
Creativity  
Time management  
Communication

## EXPERIENCE

---

2022 - 2023

**Final Year Project:** For my final year Thesis project, I have designed, directed and produced a 2D Short film.

NOV – FEB 2021

**Live Brief:** Worked within a team, directly with a live client, to deliver the brief given to us by the client.

APR – AUG 2020

**COVID Red Hub Derby:** Worked in admin, receiving and processing patients, for the Derbyshire Covid treatment hub during the pandemic.

JUL 2019

**Small Print Company:** Worked part time at local print shop, helping with the workshop as well as receiving customers.

## EDUCATION

---

Sep 2020 – Present

Nottingham Trent University – Animation BA Hons

Sep 2018 – June 2020

A Levels - Art and Design BTEC – D\* Geography – A

## LANGUAGES

---

**German** - I speak German as my second language and am most confident in listening and speaking. I spoke German with my mother from a very young age and have also spent a lot of time abroad in Germany.

I am experienced in using Adobe suite software such as, Photoshop, After Effects and Illustrator, as well as Animation software TV Paint. I possess strong creative, hand drawing skills as well as a good sense of organization and time management. During my time at university, I have never missed a deadline or had a need for an extension. In my own time I enjoy practicing and developing my digital painting skills as well as designing my own sticker and card designs as gifts to family and friends.
